STORAGE OPTIONS

FLEXIBLE RECORDING

Choose Your Storage Solution

Choose the storage method that best fits your needs—record to an SD card for easy standalone storage or to an NVR for centralized video management. No bundled services, no recurring fees, just full control over your data.

SD Card

Plug & Play Simplicity
Ideal for quick setup and solo use

NVR

- Large capacity with centralized control.
- Ideal for users who need to manage multiple cameras simultaneously and store weeks or even months of footage locally without relying on cloud storage.

Cloud Storage

- Tamper-Proof Video Backup
- Unlimited Cloud Space
- Device Offline Playback
- Daily Security Report
- Daily Overview

DMSS APP CONTROL

SIMPLE REMOTE MANAGEMENT

Picoo P5X

Easy to Use

Functions on the DMSS app can be easily accessed and remotely connected.

- Real-time Live View
- Alarm Notification
- Video Playback
- Remote Control
- Device Sharing
